Sir,

Our Mr Padshah informs us that you have expressed your willingness to take over our Silk farm at Bangalore at a valuation on our writing to say that we are prepared to accept the valuation when made and that you also would be willing to give some adequate compensation for the large expenditure on the farm which has yielded no income. Mr Padshah further says he informed you of the proposition made to us in regard to Mr Odzu the Japanese Superintendent & Director-General of Agriculture Odzu's pay, so that offer The Director-General offered Mr Odzu a place at the Pusa Institute on Rs 1 0 per month rising to Rs 250 per month but Odzu will not consider an offer under Rs 300 a month Mr Padshah says you expressed willingness to take over Mr Odzu, and that you invite us to propose terms

We now write to say that we are willing to have the silk farm and the machinery valued by a competent authority and that we agree to accept the valuation when made. If however it should be any convenience to our State that we should continue to conduct the farm on its present lines specially developing the educational side

the training of eachers should be glad to carry on the work if le State make to the ferm an annual grant of s 3000

With regard to Mr Odzu, we understand from that gentleman that consmering al circumstances, le would be willing to serve in Mysore on a smaller stipend than the one he insists on at Pusa What do your think of giving Mr Odzu a monly salary of Rs 225 rising to Rs 350 by increments of Rs 25 per month every two years? We take Rs 225 as the mean between what Mr Sly offers and what Mr Odzu demands

Believe us

Yours sincerely,

D J Dalw
